Project Objectives

Team ID	PNT2022TMID35625
Project Name	Car Resale Value Prediction

Project Objectives:

1. To collect dataset relevant to car resale value
2. To Pre-process said data
3. To Identify the best regression model
4. To Train the model on preprocessed data
5. To host model on IBM watson
6. To integrate model API and build a flask web-app
